

Scottish Air Quality Strategy Review: progress on CAFS and where now?

Summing Up and Next Steps

Campbell Gemmell

AQSR Workshop, CoSLA
10 January 2019

Results?

- Serious, honest assessment of progress made since 2015
- Clarity on what has been learned – works/doesn't/blockages
- Where are we now, where are we headed..and is this satisfactory
- What is needed next
- What does that require
- What actions by whom
- What resources and tools
- Setting progress measures and processes to deliver success

Summary from Today & Next Steps

- *Notes on headlines from today and access to presentations*
- Working Group Plan and meetings schedule
- Draft Reports to Steering Group and Report from Steering Group to Govt.
- Advice to Ministers and Partners on:
 - 2015-19 progress of CAFS
 - Main lessons learned
 - Need for refresh or reinforcement or..?
 - Key next steps, priorities, tools/resource/intervention needs

Thank you!
